# Website Design Analyzer — Report

2025-10-18 02:44:36 UTC

Metric	Score
Overall	58/100 — Needs work
Typography	68/100
Color & Contrast	82/100
Layout & Structure	40/100
Responsive	40/100
Accessibility	58/100

## Recommendations

- Improve typographic hierarchy and legibility (ensure clear H1/H2, adequate font sizes, and line-height).
- Optimize whitespace and layout structure; use semantic sections and consistent spacing.
- Add or refine responsive breakpoints and viewport meta for small screens.
- Add ARIA labels, ensure alt text on images, and improve keyboard navigation focus states.
